

Frames Complete

These frames are used in the National, WBC and Smith hives. The various patterns of British Standard frames are prefixed by DN/SN where DN stands for Deep B.S. frames for use in brood chambers and SN stands for shallow B.S. frames for use in supers. The following frame parts are used to make the various patterns of frames listed below.

Top Bars (wedge type)

T1 - 17" long, 7/8" wide and 11/16" deep.

T2 - Similar to T1 but 1 1/16" wide, lugs reduced to 7/8"

Side Bars

S1 - For metal ends. 7/8" wide, (or 1 1/16" wide) 3/8" thick. Grooved.

S2 - Hoffman self-spacing. Wings 1 3/8" rest 1 1/16" wide.

S5 - Manley self-spacing. 1 5/8" wide throughout length.

Bottom Bars

B1 - Two pieces each 5/16" x 1/4".

B2 - For S5. Two pieces 15/32" reduced ends (see illustrations).
