

Commercial Hive

The external dimension of this hive is 18 ⁵/₁₆" square, nearly the same as the Modified National hive, but the larger brood chamber takes 12 self-spacing 16" x 10" short lug frames. The comb area of these 12 frames is approximately 75,000 worker cells. The floor, roof, cover board, queen excluders and travelling screens are the Modified National size. This hive has a bottom bee space, but top bee space brood chambers and supers can be supplied on request.

Commercial Hive with Hive Stand

Traveltop™ Nucleus Screen

Traveltop™

Move your bees without the worry of slipping screens and escaping bees. Traveltops can be securely fixed to the box with nails, screws or straps. Strong, long lasting, and available in the popular sizes.

(hive not included)
