

SUPER - BROOD CHAMBER

ASSEMBLY INSTRUCTIONS

Suitable for Commercial, Smith, Langstroth and Dadant Hives

Kit Consists of;	2 x Plain Sidepiece A	Essential Tools;	Hammer
	2 x Plain Sidepiece B		Ruler
	2 x Runner	Advisable Tools;	Pinchers
	1 x Pkt 1 Inch Nails		2 x 2 ft Sash Clamps

- Instructions**
- Glue and fix the box together, making sure that the handles are the correct way round, as shown in the diagram.
- Make sure that all joints are pulled tight, and that the box is square by measuring the two diagonals which should be equal.
- Nail through the top of each joint, through A into B at a slight angle, so as to avoid the rebate, see diagram.
- Fit the runners in place by using xxx nails, as in the right hand diagram.
